EVEN WHEN THE SCHOOL BUILDINGS ARE CLOSED FOR STUDENTS — EDUCATION CONTINUES & WILL CONTINUE EFFECTIVELY....

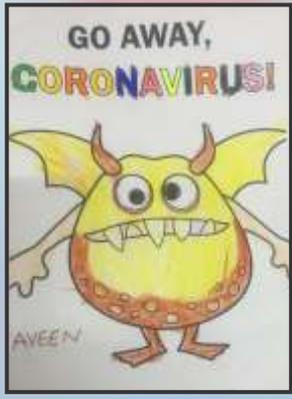

At the end of the session 2019-20, we received a sudden jolt of the continuous spread of Coronavirus across the globe. The World started facing the biggest public health risk leading to one of the largest and the quickest reorganization of the educational scenario. The educational institutions were closed to slow down the spread of the killer Virus as we had no pharmaceutical interventions but ONLY preventive measures such as Social Distancing and isolation.

We INDIANS started looking for opportunities, innovative ideas and new methodologies to reduce the learning gap. The speed of the spread of the epidemic, the closure of schools and the transition to online teaching was so swift that it hardly gave any time to plan and to reflect on the potential risks or the opportunities that such a sudden change could bring.

Online Teaching Programme, improving and upgrading the infrastructure ie a wifi campus, laptops and camera stands. Thus Blended Learning has become a new norm in our school.

Today we boast, that all our teachers have become better than the best - They being the true Corona Warriors took an opportunity to start improving the quality of the learning material, creating new ways to design and deliver quality content.

We take pride in announcing that our school has successfully conducted Periodic Assesments, Half Yearly Examinations, Intra School Competitions, Virtual Book Fair and Virtual Visits to the Art Gallery, Megalithic Sites, the Panchayati Raj, the Vidhan Sabha and celebrated all days and Festivals.

With your eternal and rock like support we are ready to bid farewell to COVID-19 by joining the AATMA NIRBHAR BHARAT CAMPAIGN !

Issue Speak

Which is Better- Traditional or Virtual Learning?

Traditional

No amount of virtual learning can match the environment that students get in the classroom. face-to-face interaction. Development of interpersonal skills through class discussions give an edge to traditional learning over the online one.

Khushpreet Kaur (XII-A)

Online learning no matter how good and resourceful has proper connectivity issues at times and is also devoid of real classroom enthusiasm.

Komalpreet Kaur (X-B)

In a classroom, a student has the opportunity to clear his doubts almost immediately. He has to verbally communicate rather than type a comment as in a virtual classroom which may undoubtedly improve his communication skills.

Leeza (XI-D)

No doubt that the timings of online classes are flexible but this has a flip side as students lack seriousness in attending them. They have taken these classes for granted and join the session as per their own sweet will. Grave discipline problems have been observed during digital teaching.

Prabhraj Gill (XII-D)

Traditional classrooms make you more vulnerable to focus on study whereas in digital learning who knows whether a child is studying sincerely or using his digital device for entertainment purposes?

Jishan (XII-D)

Virtual learning has inevitably increased the time that students spend on electronic devices. Consequently it is affecting their physical and mental health.

Tanishq Verma (X-A)

There is at times absence of a proper deadline or a fixed time schedule to submit homework which can have adverse effects on the learning pupils and is not suitable for the very young ones at all.

Armaanpreet Singh (X-A)

Virtual

Virtual learning encompasses features like lecturing, video chatting and messaging with multiple students. The current technological advancements-and the way the internet is used has narrowed the bridge between virtual and classroom learning.

Dhruv (XII-A)

Virtual learning has the upper hand in case of gaining access to study materials and class notes. Recorded lectures can be made available to any student for multiple times in case a lecture is missed.

Raina Bhatia (XII-A)

In classrooms you have to match the pace of the teacher and there is possibility of missing out on vital points. but in virtual classrooms it is personalized learning help.

Paramveer (XII-G)

Online learning helps in saving the time of both the teachers and the students as no time is spent on commuting to school and then back home. It is really beneficial for all those who travel or cover a long distance to reach their schools.

Shreya (XII-D)

In the traditional or real classrooms with a strength of forty/forty five students, no one knows if all are paying attention to the lecture of a teacher.

Nayandeep (XII-A)

There's more freedom in virtual learning. You can learn at your own time and pace. You can replay the recorded lesson when you are free or before taking an exam to complement your preparation.

Anurag Raina (X-A)

It helps us to hone our digital skills. Students gain confidence and become highly productive using interactive online tools such as online tests, e-mail communication tools drop boxes for homework etc.

Saijal Sood (XII-G)

Teaching could be Real or Digital but Learning should be Beneficial.

I really appreciate the efforts taken by all the teachers to make this time of pandemic a fruitful one wherein students are left with no other choice but to study at home. I have come to know about the various problems faced by students of other schools. But I am happy that Achint is not facing any such problem. I appreciate the concern shown by teachers right from day 1 as she was a late entrant. I am hopeful that together we will come out of this situation without creating any loss of academics to students. All the very best for future studies! *Parents of Achint (XI-C)*

I must appreciate the sincere efforts of all the great educators of this esteemed institution. I do understand how tough it is preparing all the study material for e-learning and taking online classes of these kiddos.... such activities motivate the parents as well to do some extra work with their own kids. Challenging Corona Chaos !!!

Ode to the Lockdown

Oh! my God ,this lockdown
Why is this cry all around?
Oh! the stock market is going down.
Can't we accept it without a frown?
Isn't it the prime time for mankind?
To recline and rewind.
See the beauties of nature,
Appreciate the cold breeze and each creature.
Empty roads, no one's plying
Oh! Man, Why are you crying?
Let's not commit the crime of harming the mankind
No stepping out ,follow self quarantine.
Let's stay in our nests
And not behave like pests.
Please do not roam
Stay safe at home.

Ms. Anjali Sharma (Principal)

कोरोना का कहर

हर जगह दहशत तू फैला रहा है,
हर जगह हमें तू क्यों सता रहा है ?
चीन से चला भारत पहुँच तू आया है,
सारे संसार का जनजीवन तूने ठप्प करवाया है।
कब तक जारी रहेगा यह तेरा वर्ल्ड टूर,
न जाने कितनों का जीवन करेगा तू चकनाचूर।
हर दुकान, हर सिनेमा बंद करवा दिया,
स्कूल कॉलेज पर भी ताला लगवा दिया।
जो जहाँ था वहीं ठहर गया,
पर तेरा कहर अभी तक नहीं गया।
अब तो बख्श दे। बहुत हो गया,
इंसान ने तुझसे बहुत सबक ले लिया।
अब नहीं मानव करेगा कोई भूल,
जिससे मानव जिंदगी बन जाए शूल।

अनुराग रैना (दसवीं-अ)

कोरोना एक असामान्य अनुभव

महामारी का नाम सुना था,
अपने पूज्य बुजुर्गों से।
खबर न थी जिन्दगी रूबरू होगी,
ऐसे असामान्य रोग से।
एक विषैला सूक्ष्म जीव जो,
साँसों में घुलता जाता है।
बेबस हो इंसान बेचारा,
मौत को गले लगाता है।

रोक तो मिल कर मेरे देश वासियों,
तबाही के इस मंजर को।
एहतियात को ढाल बनाकर,
नाकाम करो इस खंजर को।

कोरोना के कहर ने अबतक,
हमको बहुत सताया है।
पर Lockdown के कड़े नियमों ने,
ग़ज़ब का असर दिखाया है।
दुनिया के उन्नत देशों ने भी,
कोरोना के आगे घुटने टेके हैं।
पर भारत ने अपनी सुव्यवस्था से,
कई विषम कांटे उखाड़ फेंके हैं।

खोज कर एक अमृत जल्द ही,
यह जंग भी जल्द जाएंगे हम जीत।
इंतज़ार है उस शुभ दिन का,
जब कोरोना बन जाएगा अतीत।

शमित सैनी (नौवीं स)

चार पंक्तियाँ कोरोना की

रहिमन वैक्सीन ढूँढ़िए,
बिन वैक्सीन सब सून।
तीन Seasons बीत गए,
Spring, Summer, Monsoon.

कबीरा वैक्सीन ढूँढ़ लिया,
धीरज धरो तनिक तुम भाई।
शोध फाइनल चल रहा,
जल्दी क्यों है मचाई।

जुलाई, अगस्त भी बीत गया,
रहिमन न हो उदास।
दूर-दूर ही रहिए सब,
अभी न आइयो पास।

मास्क मुँह पर लगाइओ,
सेनिटाइज़र कुटी छवाय।
बिन साबुन, बिन सोशल डिस्टेंसिंग के,
कोरोना न भाग पाए।

इन्सान कहे कोरोना से, तू क्या रोंदे मोहे,
जल्द वो दिन आएगा, मैं रोंदूँगा तोहे।
हारेगा कोरोना, नहीं है अब अधिक देर,
तब तक न काहू से दोस्ती, न काहू से बैर।

आशा का दीपक

मायूसी के बादल छिए हैं काले,
आशा का दीपक जगाए रखो सारे।
लॉकडाउन में भी हमने बहुत कुछ है सीखा,
होने नहीं दिया जीवन के रंग को फीका।
बदल गया है सब का सोचने का तरीका,
अपनों की अहमीयत को पहचाना
स्वच्छता और सामाजिक दूरी को भी जाना।
आओ मिल के हम सब दोहराएँ,
नियमबध होकर कोरोना को हराएँ।

कोरोना के संग जीवन

कोरोना भाई कोरोना
ऐसे तो मत करो ना।
दूर रहे तो बेहतर होगा
हमें infection से बचना होगा।
सबने पहने gloves and mask
रखो दूरियाँ आओ न पास।
घर में रहकर लड़ेंगे जंग,
जीतेंगे ये हम sanitizer के संग।
यह तो है एक छोटा विषाणु
डराता जैसे यह परमाणु।
दुनिया जैसे रुक गई सारी
Prevention करके रोगी बीमारी।
धीरे-धीरे दुनिया जागी
कोरोना की सवारी भागी।
दूर नहीं है वह दिन अब
जब फिर से स्कूल जाएँगे सब।

आओ अपना मनोबल बढाएँ

The Unusual Lockdown!

When humans were confined
Nature took an opportunity to rewind
A new nature has been created
Humans were imprisoned and animals were elated.

Corona took us to a pristine world
Peacocks danced and monkeys twirled.
Looked like humans were cursed
And animals received what they deserved..

Clouds full of dust and dirt
Became limpid by Covid's support.
Humanic powers and dominance were swirled
And nature started cherishing the world..

The symphony of birds was heard
Cheetahs~Leopards~Tigers bantered.
Humans whispered and animals clamoured
A new universe was surely discovered..

The troubles that we face today
Are the results of man's sinister play.
This is what the nature seems to convey
Let's put an end before any further delay.

Arshnoor (XI-B)

Nature Reclaims Itself

The only thing we have to fear is fear itself.

Let's together fight out this INVISIBLE FOE.

MIGRATING MIGRANTS

ਮਜਬੂਰ ਮਜਦੂਰ

ਏਨਾ ਹੋ ਗਿਆ ਮਜਬੂਰ,
ਮੇਰੇ ਦੇਸ਼ ਦਾ ਮਜਦੂਰ।
ਆਪਣੇ ਕੋਲ ਘਰ ਨਹੀਂ ਹੁੰਦਾ,
ਦੂਜਿਆਂ ਲਈ ਸੋਹਣੇ ਘਰ ਬਣਾਉਂਦਾ।
ਮਜਦੂਰੀ ਕਰਕੇ ਘਰ ਚਲਾਉਂਦਾ,
ਪਰ ਅੱਜ ਓਸਦਾ ਮਨੋਬਲ ਟੁੱਟਦਾ ਜਾਂਦਾ।
ਕੰਮ-ਕਾਰ ਸਭ ਠੱਪ ਪੈ ਗਿਆ,
ਕੁਦਰਤ ਦਾ ਕਹਿਰ ਢਹਿ ਗਿਆ।
ਹਰ ਪੱਖੋਂ ਲਾਚਾਰੀ ਕਰਕੇ,
ਮਜਬੂਰੀ ਦੀ ਉੱਚ ਮਾਰ ਸਹਿ ਗਿਆ।
ਭੁੱਖਮਰੀ ਤੇ ਬੇਰੁਜਗਾਰੀ ਕਰਕੇ,
ਦਿਮਾਗੋਂ ਵੀ ਬਿਮਾਰ ਪੈ ਗਿਆ।
ਮੇਰੇ ਦੇਸ਼ ਦੇ ਲੋਕੋ ਜਾਣੋ,
ਮਜਦੂਰ ਦੀ ਤਾਕਤ ਨੂੰ ਪਛਾਣੋ।
ਸਾਡੇ ਬਿਨਾਂ ਦੇਸ਼ ਚੱਲ ਹੋ ਸਕਦਾ,
ਮਜਦੂਰ ਬਿਨਾਂ ਕੰਮ ਸਰ ਨਹੀਂ ਸਕਦਾ।

*During this Lockdown, they just left,
As they had no other way;
It was getting harder to live,
Without receiving their daily pay.*

*They just left,
Though they didn't want to leave;
They had their own reasons,
But no one was ready to believe.*

*They just left,
Leaving everything behind;
Devoid of their daily pay jobs,
That each one of them were assigned.*

*They just left,
Their absence will always be felt;
We never bothered to realise,
That with them we were blest.*

*They just left,
To every versatile concrete structure,
They are the ones who laid the
foundation.*

They are the backbone of the nation;

ਕਿੱਧਰੋਂ ਆਇਆ ਇਹ ਪਰਕੋਪ ਮਹਾਮਾਰੀ ਦਾ ?

ਸਰਕਾਰਾਂ ਨੇ ਹੁਕਮ ਸੁਣਾਤਾ
ਰਾਤੋ-ਰਾਤ ਕਰਵਿਊ ਲਗਾਤਾ।
ਲਾਕਡਾਊਨ ਦੇ ਨਾਂ ਦੇ ਉੱਤੇ,
ਹਰ ਕੋਈ ਘਰ ਵਿੱਚ ਫਸਾਤਾ।
ਕੰਮਕਾਰ ਪਏ ਬੰਦ ਨੇ ਸਾਰੇ,
ਕੀ ਧਾਰਮਿਕ ਅਸਥਾਨ,
ਕੀ ਵਿੱਦਿਅਕ ਅਦਾਰੇ।
ਚੱਲੇ ਨਾ ਕੋਈ ਪੇਸ਼ ਇਹਦੇ ਅੱਗੇ ਰਾਏਸ਼ੁਮਾਰੀ ਦਾ,
ਕਿੱਧਰੋਂ ਹੈ ਆਇਆ ਇਹ ਪਰਕੋਪ ਮਹਾਮਾਰੀ ਦਾ।
ਆਪਣੇ ਪਰਿਵਾਰਾਂ ਖਾਤਰ ਸੀ ਜੋ,
ਦੂਰ-ਦੂਰਾਡੋਂ ਆਏ।
ਹੱਡ-ਭੰਨਵੀਂ ਮਿਹਨਤ ਕਰਕੇ,
ਦੇ ਟੁੱਕ ਰੋਟੀ ਖਾਏ।
ਸਾਰ ਲਈ ਨਾ ਕਿਸੇ ਇਨ੍ਹਾਂ ਦੀ,
ਹੋ ਗਏ ਜੋ, ਮਜ਼ਬੂਰ ਬੜੇ।
ਆਪਣੇ ਘਰਾਂ ਨੂੰ ਜਾਣ ਦੇ ਲਈ,
ਆਪੇ ਹੀ ਉੱਠ ਹੋਏ ਖੜੇ।
ਕਈ ਮੀਲਾਂ ਨੂੰ ਪੈਦਲ ਚੱਲ ਪਏ,
ਨੰਗੇ ਪੈਰੀਂ ਭੁੱਖਣ-ਭਾਣੇ।
ਕੁੱਛੜ ਕਿਸੇ ਨੇ ਬੱਚਾ ਚੁੱਕਿਆ,
ਔਰਤ ਕੀ ਤੇ ਕੀ ਮਰਦ, ਸਿਆਣੇ।
ਪਿਆ ਨਹੀਂ ਕੋਈ ਫਰਕ ਕਿਸੇ ਨੂੰ,
ਇਨ੍ਹਾਂ ਦੀ ਲਾਚਾਰੀ ਦਾ।
ਕਿੱਧਰੋਂ ਆਇਆ ਇਹ ਪਰਕੋਪ ਮਹਾਮਾਰੀ ਦਾ?
ਕਈ ਮਨੁੱਖਤਾ ਦੀ ਸੇਵਾ ਦੇ ਲਈ,
ਖੁੱਲ੍ਹ ਕੇ ਅੱਗੇ ਆਏ।
ਕਈ ਦਾਨੀਆਂ ਦਾਨ ਵੀ ਕੀਤਾ,
ਕਈਆਂ ਨੇ ਲੰਗਰ ਲਾਏ।
ਮੌਤ ਦੀ ਇਸ ਘੜੀ ਵਿੱਚ ਜੋ,
ਰੱਬ ਬਣਕੇ ਮੁਹਰੇ ਆਏ।
ਕੀ ਪੁਲਸੀਏ ਤੇ ਕੀ ਸੀ ਡਾਕਟਰ,
ਜਿਨ੍ਹਾਂ ਨੇ ਆਪਣੇ ਫਰਜ਼ ਨਿਭਾਏ।
ਹੱਥ ਮੂੰਹ ਨੂੰ ਢੱਕ ਕੇ ਰੱਖਣਾ,
ਅਤੇ ਦੂਰੀ ਨੂੰ ਬਣਾਕੇ ਰੱਖਣਾ
ਕਿਵੇਂ ਬਚਿਆ ਜਾ ਹੋ ਸਕਦਾ,
ਘਰ-ਘਰ ਜਾ ਸਮਝਾਇਆ।
ਹਰ ਇਕ ਨੂੰ ਉਡੀਕ ਹੈ ਬੱਸ,
ਇੱਕ ਘੜੀ ਚਮਤਦਾਰੀ ਦਾ।
ਕਿੱਧਰੋਂ ਹੈ ਆਇਆ ਇਹ ਪਰਕੋਪ ਮਹਾਮਾਰੀ ਦਾ!
ਕਿੱਧਰੋਂ ਹੈ ਆਇਆ ਇਹ ਪਰਕੋਪ ਮਹਾਮਾਰੀ ਦਾ,
ਹਰ ਇੱਕ ਮੁਲਕ ਲੱਭੇ ਹੱਲ ਇਸ ਬਿਮਾਰੀ ਦਾ।

An Era of its Kind

What a nice Era this is! We have been introduced to a wonderful, amazing and super cool festival-CORONA KAAL.

The celebration started after Holi in our country though it began much before December in China.

A lot of preparation is done. Houses are converted to prisons. Hospitals have Robots with PEP kits for treating the patients.

No outing, No schooling, No shopping and a big No to the domestic helpers entering the house.

The kitchen becomes the hub of learning, where mom keeps trying new recipes and washing dishes. Father keeps himself busy mopping, cleaning, gardening and SLEEPING!!

What fun!! No physical teaching, No assemblies, No preparation for tests, No bulletin board duty, No defaulter - slips ha-ha-ha It's Fun Time! ONLY eating, playing and only... digital learning.

May this festival last long.

So that our fun and frolic prolong!

COVID-19

We have all felt the devastating effects of the coronavirus pandemic on our families and communities. One of the major positive outcomes of the COVID-19 pandemic is the worldwide appreciation for all healthcare workers who continue to place themselves in difficult situation to relieve the suffering of others. A renewed value of taking care of each other, even as we have become physically isolated and forced to cancel important celebrations. We also have found new ways to connect through this shared experience. Communities are reaching out to their elders, other at-risk groups and sharing strategies for coping with this disease. People are donating their resources and their time, using creativity and humour, as well as creating inspirational and beautiful art.

Maintaining this culture of selfless services towards community will make us all the more resilient and connected. COVID pandemic has devastated so many and so much. At the same time, the transformative effect on mental health access, as well as an expanded value placed on our community's health can have a long-lasting positive effect on our healthcare system, if we choose to learn from this experience.

Aatam Nirbhar Bharat : Overcoming Gender Caste and Ethnic Biasis

The idea of individuality and self dependence has long been irresistible to us, but very peculiarly so society in itself is the nation's anatomy of success. If it is flawed, partially even, it can pose a greater danger than the corruption itself. A very disinteresting stereotype impression about India is that all the Indians live in slums. Despite this being untrue, this statement does contain some honesty metaphorically; ban on women entering temples, migrant labourers not being served water in the same glasses as other members of the family, guardians being revoltingly prejudiced towards their transgender children, etc. All of these bends reflect the backwardness of the Indian culture, the land where women are worshipped, but beaten to pulp by their demanding husbands, a land where spiritual leaders can be bestest of friends but the common population cut each other's throat, a land where equality was in the constitution from day one and yet gay community was to be put behind bars for longer period of time than rapists.

Only a few countries have captured the conspicuous wonders of life while India and fewer have seen mankind bleed in the name of religion. As mighty as our country can be but the conflicted common man will always restrict this auspicious country from bearing fruits of autonomy. This reform should not only be limited to a political level but should reach every house in the tiniest of villages and opportunities should be provided to those who are considered unbefitting by the ancient norms. Aatam Nirbhar Bharat is not only a dream but a goal for those who see discrimination of any kind as an obstacle to achieve it. The true meaning of the statement not only lies in the overview of the thought but also getting into the transgression in this terrible muddle. This incorrigibly eccentric argument needs to be addressed in its rawest form at the ground level and straight from the shoulder, not only touching the subject of India's economic ascent but going through all the aspects in which these technical differences stay acknowledged at the social junction of equality.

Neoliberalism not only should propel the country out of poverty establishing its competition with Japan and China, but should chase away the nasty chastises of caste and its pogroms for female inferiority. We young citizens as architects, need to run down the lane of lower socioeconomic class and understand the patriarchs of the new millennium. The idea of equality is tempting and threatening even, but it does not come into being unless the youth have their heads set on to complete this rebuking mission, which has a long way to run and a hard path ahead. India today celebrates freedom in self and sensibility but its achievements cannot be bound by rectifying wealth only, this redress should not only be limited to ideology or a particular interest.

India is not only a country which serves American MNCs but a strong asset in itself. Not only can it thrive more, but has a sense of rare dignity and honor in terms of egalitarianism that a sprinkling of population has achieved. As Aya Chebbi likes to put it, "Your power is your radical self, find it."

Be self reliant to make India-a Global Giant.

The New Normal

Covid-19 pandemic has changed life as we all know it. As cities, businesses and public areas have reopened what does the "the new normal" mean to us?

Until a safe and effective coronavirus vaccine is developed there will be a continuous risk of infection, even as people go back to work, school and a more normal life. The practices that we have learned during the lockdown period will continue to protect us in coming times. Social distancing-staying at least 6 feet away from anyone not living in your household can protect you and your loved ones from infection. Wearing a face mask protects others from illness if you're carrying the virus and vice-versa.

Washing your hands for at least 20 seconds frequently throughout the day or using hand sanitizer is an effective way to avoid getting sick with covid or other germs. Practising safe grocery shopping and food handling are a must. As times and our manner of living change it is important to practice mindfulness and stress relief activities such as meditation and yoga. This is a must as mental and emotional well-being is the key aspect of health.

Keep Calm and Carry on...

Teacher Talk

Cyberspace has become the nervous system of the globe. But due to lack of knowledge and understanding of entire cybersecurity landscape, most of us are vulnerable to cybercrimes. Let's pay attention to some pointers that can help us curb the risks-

- In the era of digital literacy, when children are spending most of their time on gadgets, the propagation of child abuse material on messaging platforms like WhatsApp and Telegram has gained momentum. Many groups that have been 'flagged' by cyber agencies for such material are still operational. Parents are advised to closely monitor children's online activities and report any sort of crimes including cyberstalking, cyberbullying etc., if noticed.
- Sharing seemingly harmless information on social media has severe privacy-related consequences. You actually leave a trail behind for cyber criminals to exploit. So think before you share your personal information online, especially your location.
- Posting your pictures on social media might be addictive, but is equally unsafe. These pictures can be easily morphed for cybercrimes like deepfake, personification etc. to defame someone.
- These days, some fake organisations/ individuals are soliciting contributions through fundraisers, claiming to extend financial help to Ex-Servicemen, dependents of battle casualties, cancer patients etc. Guard yourself against such claims and do not click on any such links to avoid potential cyber thefts as they might hack your linked bank account/e-wallet through which you have paid.
- Refrain from downloading phone apps from unknown URLs that offer free. health checkups, online KYC through fingerprint, face recognition or iris scan. Such apps might steal and clone your biometric information for wrong deeds. Remember, despite all the advancements, biometric data is still largely unprotected in most apps.

Understand that each of us is an attractive target for cyber criminals. So, be a 'smart netizen' and follow cyber ethics to stay safe online.
