**On loose sheets , Do figure it out sums from GANITA prakash part 1  
pg9,19,20,21,78,79,80,196,197**

**Do solved examples of chapter number system, decimals and fractions from  
RS Aggarwal**

## Science

### TO BE DONE IN THE SCRAPBOOK:

1. 🔍 **The Indicator Detective:** Prepare strips of turmeric indicator and any one natural indicator like beetroot extract or red cabbage extract (You may also explore and research other natural indicators apart from those mentioned in the chapter).

Use these indicator strips to test any 5 household solutions. Paste the tested strips neatly in your scrapbook.

For each solution, record:

- Name of the solution
- Colour change observed
- Whether it is Acidic, Basic, or Neutral

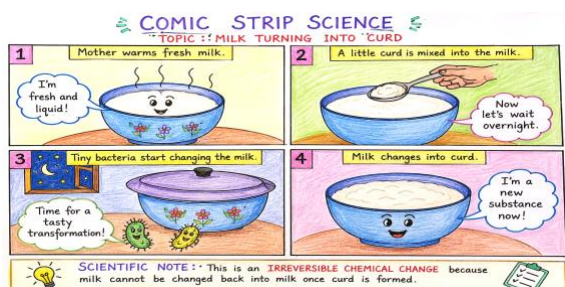

🌟 Present your observations creatively using colourful tables, drawings, etc.

2. 🧠 **Creative Corner – Science Comic Strip**

Create a 4-box comic strip showing any one scientific change happening in daily life.

(Example: Milk turning into curd, iron rusting, candle burning, ice melting). Add speech bubbles and captions to make it fun! Conclude at the end whether the change was physical or chemical, reversible or irreversible, desirable or undesirable.

Example:

3. **Household Material Hunt:** Observe any 3 objects at home. For each object:

- Write its name
- Mention whether it is made of a metal or non-metal
- Write 1–2 lines explaining which property of that material makes it suitable for that object.

🌟 Example: A cooking pan is made of metal because metals conduct heat well and are strong.

**\*SOCIAL SCIENCE\* :-** 📌

📌 **\*Map + Postcard Activity\*** 📌

**( Lesson – 1 : Geographical Diversity of India)**

📌 **Paste/draw an outline India map in a \*Scrapbook\*.**

**( India's Physical Map)**
